Spirit

Limited Edition Combo

New combo from one of Britain's most respected brands

Limited run of 100 units only.

We are able to offer, solely into the trade, a limited run of one hundred handmade British amplifiers. This is a unique opportunity to purchase a boutique quality valve amplifier at a very special price. Each individually numbered amplifier is constructed to a standard spec for quick delivery in time for Christmas trade.

Features:

- Entirely Hand-wired point-to-point circuitry
- Built in variable attenuator for whisper quiet practice.
- NOS Japanese handcrafted Finger-jointed solid wood cabinets
- Switchable Mains 230/115V
- Controls – Volume, Tone, Output Attenuator
- Stainless Steel Chassis
- Lacquered Tweed with Oxblood Grille Cloth
- Computer engraved Traffolyte control panel
- Black Vintage Pointer Knobs
- 8" Jensen Speaker

specification

This amplifier is true point-to-point wired with no PCBs, tag boards or turret boards used. The circuitry is derived from the best-selling Minimat with the same standard of components used and attention to detail applied. Our designers have developed the preamp to give a wide range of rich clean and blues tones above and beyond those that guitarists expect from this style of combo.

- Single Channel Class A
- Output: x1 Russian Mil Spec 6V6GT
- Preamp x1 JJ/Tesla ECC83/12AX7
- 4 Watts RMS Output
- Output Attenuator
- Jensen" 8" C8R - 25 watt 8W Vintage Ceramic Series Speaker
- Custom transformer set
